PART I-HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the scheme	Bank of India Money Market Fund
II.	Category of the Scheme	Money Market Fund (Debt Scheme)
III.	Scheme type	An open ended debt scheme investing in money market instruments. A Relatively Low interest rate risk and moderate Credit Risk
IV.	Scheme code	BOIA/O/D/MMF/24/12/0022
V.	Investment objective	The investment objective is to generate returns with reasonable liquidity to the unitholders by investing in money market instruments. There is no assurance that the investment objective of the Scheme will be achieved.
VI.	Liquidity/listing details	The Scheme will offer Units for Purchase and Redemption at Applicable NAV on all Business Days. Unitholders can subscribe to and get their units repurchased on all business days at NAV related prices (with exit load as mandated by AMC from time to time). As per SEBI (MF) Regulations, the Fund shall dispatch Redemption proceeds within 3 Business Days of receiving the valid Redemption request. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time will be paid in case the redemption proceeds are not dispatched/remitted within 3 Business Days of the date of Redemption request. However, under normal circumstances, the Fund will endeavor to dispatch the Redemption proceeds well before 3 Business Days from the acceptance of the duly completed Redemption request. The AMC shall adhere to guidelines published by AMFI /SEBI for exceptional circumstances under which the Scheme is unable to transfer redemption or repurchase proceeds within prescribed timelines. The units of the Scheme shall not be listed on any Stock Exchange. However, Trustee reserve the right to list the scheme at recognized stock exchange at a later date.
VII.	Benchmark (Total Return Index)	First Tier Benchmark: CRISIL Money Market A-1 Index Second Tier Benchmark: Not applicable The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, subject to SEBI guidelines and other prevalent guidelines.
VIII.	NAV disclosure	The AMC will calculate and disclose the first NAVs of the

Sr. No.	Title	Description
		Scheme not later than 5 Business Days from the date of allotment of units under the NFO. Thereafter, the AMC will prominently disclose the NAVs under a separate head on the website of the Fund (https://www.boimf.in/nav) and of the Association of Mutual Funds in India-AMFI (www.amfiindia.com) by 11 p.m. on every Business Day. In case NAV of Corporate Debt Market Development Fund (CDMDF) units is not available by 9:30 p.m. of same Business Day, the NAV of the Scheme shall be declared by 10 a.m. on next business day instead of 11 p.m. on same Business Day. Further Details in Section II.
IX.	Applicable timelines	Timeline for Dispatch of redemption proceeds: The Scheme will dispatch redemption proceeds within 03 Business Day from the acceptance of the Redemption request or such other time as may be prescribed by SEBI from time to time. The AMC shall adhere to guidelines published by AMFI /SEBI for exceptional circumstances under which the scheme is unable to transfer redemption or repurchase proceeds within prescribed timelines. Redemption/Switch Procedure in case of physical form: The investors holding units in physical form may submit their redemption/ switch requests duly signed by all the holders (as per the mode of holding) at any of the Point of Acceptance (POA) Investor Service Centers (ISC) of Registrar & Transfer Agent viz., M/s KFin Technologies Ltd. or Bank of India Investment Managers Pvt. Ltd. latest by the cut off time as stipulated and revised by SEBI from time to time which is currently 3.00 p.m. on any business day. Such cases will be eligible for NAV of the business day on which the redemption requests are time- stamped upto the cut-off time at the ISC for the Scheme. Redemption / Switch Procedure in case units are held in dematerialized form: The investors who hold units in demat form and wish to redeem their units will have to take following steps: 1. Investors will have to approach their DP (Depository Participants) where Demat Account is being held. 2. Investors will have to submit duly filled-in and signed Redemption/Repurchase Request Form (RRF) available with respective DPs. Normally, these RRF may be available on the websites of respective DPs e.g. Banks etc. As the format of RRF may be different with every DP, the investors are advised to use the RRF procured from their own DP to avoid rejections/delays by their

Sr. No.	Title	Description
		own DP. The ISIN of the Scheme/plan/ subplan is printed on the Statement of Account issued to investors. 3. The investors are required to submit 3 copies of RRF to their DPs. One copy of the RRF is used by the DP for issuing acknowledgement to investors whereas the second copy of the RRF will be forwarded by the DP to the Head Office of the RTA i.e M/s KFin Technologies Ltd. The third copy will be retained by the DP for their own records. 4. Based on the receipt of RRF, if found in order the DP concerned generates Electronic Redemption Request and blocks the units applied for redemption in the NSDL/CDSL system immediately. After this, the investor will not be able to transfer the blocked units to anyone (i.e. cannot transfer to anyone). 5. The Electronic Requests generated up to the stipulated cut off time which is currently 3 pm every day by DPs shall get transmitted from NSDL / CDSL to respective Registrars of Mutual Fund by 4 - 6 pm. 6. All such Electronic Requests transmitted by NSDL / CDSL by 4 - 6 pm everyday are updated in the system at Registrar's end i.e. M/s KFin Technologies Ltd. for further processing. 7. Registrar shall verify and process the requests subject to finding the same in order by a) Nullifying the units by confirming Electronic Repurchase Request; b) Applying NAV based on Date and Time of raising Electronic request by DP's for Redemption Request; c) Remitting Redemption proceeds to investor's bank account (as recorded in demat account) within 3 business days and d) Dispatching an SOA (Statement of Account/Consolidated Account Statement) to the registered address of investor. 8. After the above process is completed, the Registrar will update the respective Depository (i.e. NSDL/ CDSL) about the processing of redemption to enable their DPs to issue Fortnightly/ Monthly Transaction Statement. A Unit holder has in case of physical redemption request for redemption either in terms of Amount or in terms of the number of Units. In case, the redemption request indicates both amount in Rupees and number of Units, the lower of the two in value term will be considered. Where a Rupee amount is specified or deemed to be specified for redemption, the number of Units redeemed will be the equivalent to the amount sought redeemed plus the exit load & applicable Govt levies like STT divided by the redemption price (ie additionally subject to

Sr. No.	Title	Description
		the levy of applicable STT and exit load). In case of difference/ ambiguity in the amount and units mentioned in any request for Redemption/ Switch, the minimum value (of units and amount) on rupee equivalent basis on the Transaction/ applicable NAV date will be considered by the AMC, provided the investor has not furnished any clarification in writing, duly signed on the date of transaction. In the event of investor not having filled in the Amount/ Units in the Transaction Slip, the AMC will redeem/ switch out all the outstanding units in case the Scheme, Plan, Option are clearly mentioned. In case, the investor has not mentioned the plans/ sub-plans etc. in the redemption request specifically where he is having holdings in various plans/sub-plans etc. of the particular scheme, AMC will summarily reject such redemption request if the investor has not furnished any clarification in writing, duly signed on the date of transaction itself, during normal office hours. In case, an Investor fails to mention the complete name of the Scheme upto plan/sub - plan level while making request for redemption/ switch-out, the AMC reserves the right to redeem/ switch-out all/specified desired units/ value provided the investor is having holdings only in one scheme/plan/option and the folio number is clearly mentioned or if he maintains one folio. Otherwise, such incompletely filled requests would be summarily rejected without processing. Investors are requested to note that in case of redemption/switch request, if the number of units or the amount to be redeemed/switched out to any other Scheme of Bank of India Mutual Fund, exceeds the number of outstanding units or value of outstanding units, respectively, then Bank of India Investment Managers Private Limited (the "AMC") shall, at its discretion, redeem/switch out all the outstanding units, if no clarificatory letter is received from the respective investor on the date of the transaction and if the condition of minimum investment amount of switch-in scheme is fulfilled. The number of Units so redeemed will be subtracted from the Unit holder's account and a monthly industry level Mutual Fund Consolidated Account Statement (CAS) containing the details will normally be dispatched / emailed to the Unitholders latest by 15th of subsequent month by NSDL/CDSL in case of Demat Units or by AMFI's appointed Agencies (currently M/s. Manipal Technologies Ltd. or M/s. Seshaa Business Forms Pvt.

Sr. No.	Title	Description
		Ltd.) for verified PAN cases and by the registrar (i.e. M/s. KFin Technologies Limited) for other cases either through email or physical copy. FIFO Method of redemption/switch-out: In case, an investor has purchased Units on more than one business day, the Units purchased prior in time (i.e. those Units which have been held for the longest period of time), will be deemed to have been redeemed first, i.e. on first in first out basis. Unit holders may also request for repurchase of their entire holding and close the account by indicating the same at the appropriate place in the Transaction Slip/ Repurchase form. Uniform process for processing of redemption/switch - out for all the Schemes of the Mutual Fund: All switch funding shall be in line with redemption funding timelines adopted by the concerned scheme i.e. if a scheme follows T+2 payout for redemption, the switch out funding will also be made on T+2 and not earlier or later than T+2, where T is the day of valid transaction received before the stipulated cut off time. Timeline for Dispatch of IDCW (if applicable): The IDCW warrants/proceeds shall be dispatched to the Unit holders within 7 working from the record date for investors under Payout of IDCW facility. Delay in payment of redemption / repurchase / Income Distribution Cum Capital Withdrawal proceeds: The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum) if the delay is beyond the SEBI stipulated time which is 3 Business Days currently. In case the AMC delays in dispatching the Income Distribution Cum Capital Withdrawal proceeds beyond 7 working days from the Record Date, it shall pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

PART II-INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS

The below table includes asset allocation giving the broad classification of assets and indicative exposure level in percentage terms. The Asset Allocation Pattern of the Scheme under normal circumstances would be as under:

Instruments	Indicative allocation (% of total assets)		Risk Profile
	Minimum	Maximum	
Money Market Instruments having residual maturity upto 1 year*	0%	100%	Low to Moderate

* Money market instruments include Tri-party Repo on government securities or T-bills/ Repo/ Reverse Repo (including corporate bond Repo), certificate of deposit, commercial papers, commercial bills, treasury bills, Government securities issued by Central & State Government/ corporate bonds having an unexpired maturity up to one year, call or notice money, Term Deposits, usance bills (BRDS) and any other similar instruments as specified by the RBI/SEBI from time to time.

As required under para 4.6. of Master Circular dated June 27, 2024 on Mutual Funds, the Scheme shall hold at least 10% of its net assets in liquid assets ('liquid assets' shall include Cash, Government Securities, T-bills and Repo on Government Securities). In case of reduction in exposure to such liquid assets / securities below 10%, the AMC shall ensure that the above requirement is complied with before making any further investments.

The Cumulative Gross Exposure to Debt, Money market instruments, repo in corporate debt securities and such other securities/assets as may be permitted by the Board from time to time, subject to prior approval from SEBI, if required, should not exceed 100% of the net assets of the scheme in line with clause 12.24 of SEBI Master Circular dated June 27, 2024 on Mutual Funds.

Liquidity in the scheme may be provided through borrowing to meet redemptions in accordance with the SEBI Regulations.

Securities in which investment is made for the purpose of ensuring liquidity (debt and money market instruments) are those that fall within the definition of liquid assets as provided by SEBI or RBI.

SEBI has vide letter no. SEBI/HO/ IMD-II/DOF3/ OW/P/ 2021/31487/ 1 dated November 3, 2021 advised that for the purpose of the SEBI circular dated August 18, 2010, cash equivalent shall consist of the following securities having residual maturity of less than 91 days:

- Government Securities;
- T-Bills; and
- Repo on Government Securities

All the above limits shall be in line with the investment objective of the Scheme.

The above is indicative and is subject to change keeping in view the market conditions and opportunities, applicable Regulations and politico-economic factors. The investment manager in line with the investment objective may alter the above pattern for short term and on defensive consideration.

Indicative Table (Actual instrument/percentages may vary subject to applicable SEBI circulars):

Sr. No.	Type of Instrument	Percentage of exposure	Circular references
1.	Securities Lending and Short Selling	Securities Lending: The Scheme shall adhere to the following limits should it engage in Stock Lending: a. Not more than 20% of the net assets of the Scheme can generally be deployed in Stock Lending. b. Not more than 5% of the net assets of the Scheme can generally be deployed in Stock Lending to any single counter party (as may be applicable). Short Selling by the Scheme: The Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.	Para-no. 12.11 of SEBI Master Circular dated June 27, 2024 on Mutual Funds.
2.	Equity Derivatives for non hedging purpose	0%	Para-no. 7.5, 7.6 and 12.25 of SEBI Master Circular dated June 27, 2024 on Mutual Funds
3.	Securitized Debt	0%	Para-no. 12.15 of SEBI Master Circular dated June 27, 2024 on Mutual Funds
4.	Overseas Securities	0%	Para-no. 12.19 of SEBI Master Circular dated June 27, 2024 on Mutual Funds
5.	ReITS and InVITS	0%	Para no. 12.21 of SEBI Master Circular dated June 27, 2024 on Mutual Funds.
6.	Tri party Repo	Allocation may be made to TREPS from any amounts that are pending deployment or on account of any adverse market situation.	Clause 1.10.3 of SEBI Master Circular dated June 27, 2024 on Mutual Funds
7.	Derivatives	Upto 50%	Clause 12.25 of SEBI Master Circular dated

Sr. No.	Type of Instrument	Percentage of exposure	Circular references
	(Debt) (Investment in derivatives shall be for hedging, portfolio balancing, non-hedging purposes and such other purposes as may be permitted from time to time)		June 27, 2024 on Mutual Funds
8.	Mutual Fund Units	The Scheme may invest upto 5% of the net assets of the Scheme in units of mutual fund schemes of Bank of India Investment Managers Private Limited ("AMC) or in the Scheme of other Mutual Funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.	Clause 4 of Seventh Schedule of SEBI (MF) Regulations, 1996
9.	Units of the Corporate Debt Market Development Fund ('CDMDF')	25 bps of scheme AUM	Regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023
10.	Repo/Reverse Repo transactions in corporate debt securities	0-10%	Clauses 12.18.1.1 of SEBI Master Circular dated June 27, 2024 on Mutual Funds

The Scheme shall not invest in the following instruments:

- a. Securitised Debt
- b. Debt Instruments with special features (AT1 and AT2 Bonds)
- c. Debt Instruments with Structured Obligations (SO) / Credit Enhancement (CE)
- e. Overseas Investments
- f. ReITs and InVITs
- m. Credit Default Swap transactions

Portfolio Rebalancing in case of passive deviation from asset allocation:

Pursuant to para 2.9 of SEBI Master circular dated June 27, 2024 on Mutual Funds, In case of such deviation from mandated asset allocation mentioned in the Scheme Information Document (SID) due to passive breaches (occurrence of instances not arising out of omission and commission of AMC), the portfolio would be rebalanced within a period of thirty (30) business days from the date of said deviation for all the schemes other than Overnight, Index and ETF Funds. In case the same is not aligned to the above asset allocation pattern within thirty (30) business days, justification in writing including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC.

The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. In case the portfolio of the scheme is not rebalanced within the aforementioned mandated plus extended timelines, AMC shall not be permitted to launch any new scheme till the time the portfolio is rebalanced. The AMC shall not levy exit load, if any, on the investors exiting such scheme. The AMC will comply with the reporting and disclosure requirements as stated in para 2.9 of SEBI Master circular dated June 27, 2024 on Mutual Funds and other applicable guidelines and circulars issued from time to time.

Pursuant to SEBI circular dated June 26, 2025, the above provisions shall be applicable for all types of passive breaches for the actively managed mutual fund schemes.

Portfolio rebalancing in case of deviation from asset allocation under Defensive consideration:

It may be noted that the asset allocation percentages stated above are only indicative and not absolute. Subject to SEBI (MF) Regulations, and keeping in view market conditions, market opportunities and political and economic factors, the asset allocation pattern may change from time to time. The Fund Manager may alter the asset allocation for a short term period on defensive considerations as per para 1.14.1.2 of SEBI master circular dated June 27, 2024 on Mutual Funds. The deviations, if any, will be rebalanced within 30 calendar days from the deviation. In case the same is not aligned within 30 calendar days, justification shall be provided to the Investment Committee of the AMC and reasons for the same shall be recorded in writing.

Rebalancing in Potential Risk Matrix:

Positioning of PRC of a scheme may be changed temporarily to higher risk cell due to investment actions, price changes, rating changes, etc. In case of temporary change of positioning of PRC to higher risk cell, the AMC will endeavor to rebalance the same within a period of 30 days. In case the deviation in temporary change in positioning of PRC to higher risk cell is not rebalanced within a period 30 days, then justification for such delay shall be placed before the Investment Committee and the reason for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

B. WHERE WILL THE SCHEME INVEST

The Scheme shall invest upto 100% of the total assets in money market instruments having a maturity of upto 1 year. The Scheme will retain the flexibility to invest in the entire range of money market instruments. Generally, Money Market Instruments includes commercial papers, commercial bills, and treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills and any other like instruments as specified by the Reserve Bank of India from time to time.

The corpus of the Scheme will be invested in securities which will include but are not limited to the following:

- 1. Money Market Instruments** include Tri-party Repo on government securities or T-bills/ Repo/ Reverse Repo (including corporate bond Repo), certificate of deposit, commercial papers, commercial bills,

treasury bills, Government securities issued by Central & State Government/ corporate bonds having an unexpired maturity up to one year, call or notice money, Term Deposits, usance bills (BRDS) and any other similar instruments as specified by the RBI/SEBI from time to time.

2. **Investments in units of mutual fund schemes:** The Scheme may invest upto 5% of the net assets of the Scheme in units of mutual fund schemes of Bank of India Mutual Fund or in the Scheme of other Mutual Funds in conformity with the investment objective of the Scheme and in terms of the prevailing SEBI (MF) Regulations.
3. **Investment in Corporate Debt Market Development Fund ("CDMDF"):** In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on Investment by Mutual Fund schemes and AMCs in units of Corporate Debt Market Development Fund, scheme shall invest 25 bps of its AUM in the units of CDMDF.

CDMDF Framework-

CDMDF shall comply with the Guarantee Scheme for Corporate Debt (GSCD) as notified by Ministry of Finance vide notification no. G.S.R. 559(E) dated July 26, 2023 and SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/128 dated July 27, 2023 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time, which includes the framework for corporate debt market development fund. The framework will inclusive of following points-

- a) The CDMDF shall deal only in following securities during normal times:
 - Low duration Government Securities
 - Treasury bills
 - Tri-party Repo on G-sec
 - Guaranteed corporate bond repo with maturity not exceeding 7 days
 - b) The fees and expenses of CDMDF shall be as follows:
 - During Normal times: (0.15% + tax) of the Portfolio Value charged on daily pro-rata basis.
 - During Market stress: (0.20% + tax) of the Portfolio Value charged on daily pro-rata basis.
 - "Portfolio Value" means the aggregate amount of portfolio of investments including cash balance without netting off of leverage undertaken by the CDMDF.
 - c) Corporate debt securities to be bought by CDMDF during market dislocation include listed money market instruments. The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating.
 - d) CDMDF shall follow the Fair Pricing document, while purchase of corporate debt securities during market dislocation as specified in SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/128 dated July 27, 2023 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time.
 - e) CDMDF shall follow the loss waterfall accounting and guidelines w.r.t. purchase allocation and trade settlement of corporate debt securities bought by CDMDF, specified in SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/128 dated July 27, 2023 and circulars / guidelines/ Letters issued by SEBI and AMFI from time to time.
4. **Debt Derivatives:** Investment in derivatives upto 50% shall be for hedging, portfolio balancing, non-hedging purposes and such other purposes as may be permitted from time to time.
 5. **Securities Lending and Short Selling:** The Investment shall be made in accordance with the SEBI Regulations. For more information, the indicative as given above can be referred.

- 6. Tri Party Repo:** Allocation may be made to TREPS from any amounts that are pending deployment or on account of any adverse market situation. Investments in Tri-Party Repo would be as per the RBI circular dated July 24, 2018.

The securities mentioned above could be listed, unlisted, publicly offered, privately placed, secured, unsecured, rated or unrated and of varying maturity. The securities may be acquired through public offerings (IPOs), secondary market operations, private placement, rights offers or negotiated deals.

The Fund Manager reserves the right to invest in such other securities as may be permitted from time to time and which are in line with the investment objectives of the Scheme.

The AMC may undertake inter-scheme transfers subject to Compliance with para 12.30 of SEBI Master circular dated June 27, 2024 on Mutual Funds on inter scheme asset transfer provisions.

The AMC shall ensure Compliance with para 12.9 of SEBI Master circular on Mutual Funds dated June 27, 2024 on investment limits for investing in HFCs.

DEBT MARKET IN INDIA:

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts and pension funds. The instruments in the market can be broadly categorized as those issued by corporates, banks, financial institutions and those issued by state/ central governments.

The debt markets are developing fast, with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets now. According to National Stock Exchange, the market capitalization of the Indian Bond markets is approximately ~INR 215 trillion as on March 31, 2025. The money markets in India essentially consist of the Treasury bills (T-bills), Commercial Papers (CPs), Certificate of Deposits (CDs), Bill Rediscounting (BRD) and Tri Party Repos (TREPS).

The Government of India (GOI) routinely issues both T-bills and government securities for liquidity and fiscal management. The T-bills are issued as a discount to their face value whereas the government securities are issued as coupon bearing securities. The GOI had issued certain Zero Coupon Bonds (ZCB) in the past. Both the T-bills and the coupon bearing government securities are issued by RBI on behalf of GOI. Total Outstanding in the Government securities market on March 31, 2025 was INR~178 Trillion INR (source: RBI Site). The Corporate bond market is also fast developing with greater number of corporates raising capital through issuances of non-convertible debentures and commercial papers. The corporates are issuing both dated coupon bearing and floating rate NCDs. The debentures and CPs are rated by rating agencies. Some of the capital is even raised through the private placement route. Of late the money market segment of the Indian debt market has become liquid and the longer dated bonds and debentures are less liquid in comparison. Currently, the corporate sector is issuing floating rate debentures linked both to the MIBOR and the INBMK (Indian G-Sec benchmark). The debt market presently offers a variety of short term and medium term instruments with different risk and return characteristics. The various instruments currently available for investments and their indicative yield are (as on September 30, 2025):

Instrument	Tenor	Yield (%)	Liquidity
T-Bills	91 days	5.40-5.50	High
	364 days	5.60-5.70	High
Commercial Papers	3 months	6.30-6.70	Medium
	6 months	6.60-6.80	Medium
	12 months	6.75-7.00	Low

Instrument	Tenor	Yield (%)	Liquidity
Government Securities	1 year	5.70-5.80	Medium
	5 year	6.15-6.25	High
	10 years	6.45-6.55	High
Corporate Security	1 year	6.60-6.80	Medium
	2 years	6.70-6.90	Medium
Floating Rate Securities	1 Year +	Mibor/INBMK +	Very Low

C. WHAT ARE THE INVESTMENT STRATEGIES

The investment objective of the Scheme is to generate income by investing in money market instruments having maturity of upto 1 year. To pursue its investment objective, the Fund Manager has the discretion to invest across money market instruments in line with the asset allocation pattern of the Scheme. The fund management team will take an active view of the interest rate environment by keeping a close watch on various parameters of the Indian economy. It will take into account the various variables affecting the interest rate scenario, relative valuation of the securities, quality of instruments, maturity profile of the instruments and liquidity of the securities. In depth credit evaluation of the issuers will be carried out by the investment team of the AMC. This evaluation will be driven by internal and external research. The credit evaluation process includes analyzing the operating environment, management, business profile, financials and expected future performance of the issuers.

The investment team of the AMC will continuously monitor and review the macroeconomic environment including the political and economic factors, money supply in the system, Government borrowing programme and demand and supply of debt instruments, credit pick up among others, affecting the liquidity and interest rates.

The Scheme would invest predominantly in Money Market Instruments and will follow an active investment strategy.

Though every endeavor will be made to achieve the objective of the Scheme, the AMC / Sponsors / Trustee do not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme.

Trading In Derivatives:

The Scheme intends to use derivatives for the purposes, which may be permitted by SEBI (MF) Regulations from time to time, which will include hedging & portfolio balancing. Hedging does not mean maximisation of returns but only reduction of systematic or market risk inherent in the investment. SEBI has vide its Circular SEBI/MFD/CIR No.03/158/03 dated June 10, 2003, specified the guidelines pertaining to trading by Mutual Fund in Exchange Traded Derivatives.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability to identify such opportunities as well as to manage risks arising thereby. Identification and execution of the strategies to be pursued involve uncertainty and investment decisions may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

Derivative investments carry certain risks and issues arising out of such dealings. The risks associated with the use of derivatives - either for hedging or for portfolio balancing - are different from, and possibly greater than, the risks associated with investing directly securities and other traditional investments.

The scheme may use derivative instruments like Interest Rate Swaps, Forward Rate Agreements / Interest Rate Futures, Interest Rate Options or such other derivative instruments as may be introduced from time to time

and as may be permitted under the SEBI (Mutual Fund) Regulations.

Debt Derivatives:

Subject to SEBI (Mutual Fund) Regulations, 1996, The Scheme may invest in Derivative Instruments to the extent permitted under provision no. 7.5, 7.6, 12.25 of SEBI Master circular dated June 27, 2024 on Mutual Fund as amended from time to time.

For other option contracts, the total exposure related to option premium paid will not exceed 20% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.

Exposure due to hedging positions shall not be included in the above mentioned limits subject to the following:

1. Hedging positions are the derivatives positions that reduce possible losses on an existing position in securities and till existing position remains.
2. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall have to be added and treated under the limits mentioned above.
3. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
4. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.

Mutual funds are allowed to hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Futures Price} / \text{PAR})}$$

The Mutual Fund may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions shall be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions shall not exceed 10% of the net assets of the scheme.

Definition of Exposure in case of Derivative Positions:

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position.

However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price*Lot Size*Number of Contracts
Short Future	Futures Price*Lot Size* Number of Contracts
Option Bought	Option Premium Paid*Lot Size* Number of Contracts.

Derivative Instruments & Related Examples:

The scheme may use fixed income derivative instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time and as may be permitted under the SEBI (Mutual Fund) Regulations.

Interest Rate Swaps(IRS): An Interest Rate Swap is an agreement whereby two parties agree to exchange periodic interest payments. The amount of interest payments exchanged is based on some predetermined principal, called notional principal amount. The amount each counterparty pays to the other upon periodic interest rate multiplied by the notional principal amount. The only amount that is exchanged between the parties is the interest payment, not the notional principal amount.

Example: Use of IRS

The Plans of the fund are reasonably invested, and the view of the fund manager is interest rates are expected to move up due to certain negative events which have occurred. In such cases the plans can enter into a paid position (IRS) where the plans will pay a fixed rate for a specified maturity and receive the floating rate of interest. This is illustrated below:

Example A: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is bearish and call rates are likely to spurt over the next three months. The fund manager would therefore prefer to pay fixed rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days floating interest rate from overnight fixed rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 9.90%
5. At the end of 91 days;
6. The Scheme pays: fixed rates for 91 days is 9.90%
7. TMF receives: compounded call rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives $\text{Rs. } 2,00,00,000 \times 0.35\% \times 91 / 365 = 17,452$. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In view of the fund manager interest rates are expected to move down due to certain positive events which have occurred. In such cases the scheme can enter into a received position (IRS) where the scheme will receive a fixed rate for a specified maturity and pay the floating rate of interest. This is illustrated below:

Example B: Use of IRS

Assuming the Scheme is having 10% of the portfolio in cash. The fund manager has a view that the interest rate scenario is soft and call rates are unlikely to spurt over the next three months. The fund manager would therefore prefer to receive a higher rate of return on his cash, which he is lending in the overnight call market. In other words, he would like to move to a 91 days fixed interest rate from overnight floating rate.

1. Say Notional Amount: Rs. 2 crores
2. Benchmark: NSE MIBOR
3. Tenor: 91 Days
4. Fixed Rate: 10.25%
5. At the end of 91 days;
6. The Scheme pays: compounded call rates for 91 days is 9.90%
7. TMF receives: Fixed rate at 10.25% for 91 days.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x 91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

In practice, however the difference of the two amounts is settled. Here the Scheme receives Rs. 2,00,00,000 x 0.35% x 91 / 365 = 17,452. The players in IRS are scheduled commercial banks, primary dealers, corporate, mutual funds and All India Financial Institutions.

Risks associated with Swaps:

Interest rate risk is significant because interest rates do not always move as expected. Both parties have interest rate risk. The holder of the fixed rate risks the floating interest rate going higher, thereby losing interest that it would have otherwise received. The holder of the floating rate risks interest rates going lower, which results in a loss of cash flow since the fixed rate holder still has to make streams of payments to the counterparty.

The other main risk associated with swaps is counterparty risk. This is the risk that the counterparty to a swap will default and be unable to meet its obligations under the terms of the swap agreement. If the holder of the floating rate is unable to make payments under the swap agreement, the holder of the fixed rate has credit exposure to changes in the interest rate agreement. This is the risk the holder of the fixed rate was seeking to avoid.

Forward Rate Agreements (FRA):

This is an agreement between two counterparties to pay or to receive the difference between an agreed fixed rate (the FRA rate) and the interest rate prevailing on a stipulated future date based on the notional amount, for an agreed period. In short, in a FRA, interest rate is fixed now for a future period.

This is illustrated below:

Assume that on April 1, 2023, the 30-day commercial paper (CP) rate is 7.75% and the Scheme has an investment in a CP of face value Rs. 50 crores, which is going to mature on April 30, 2023. If the interest rates are likely to remain stable or decline after April 30, 2023, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on April 30, 2023:

He can receive 1 X 2 FRA on April 30, 2023 at 7.75% (FRA rate for 1-month lending in 2 months' time) on the notional amount of Rs.50 crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. April 30, 2023 falls to 7.50%, then the Scheme receives the difference 7.75 - 7.50 i.e. 25 basis points on the notional amount Rs. 50 crores for 1 month. The maturity proceeds are then reinvested at say 7.50% (close to the benchmark). The scheme, however, would have locked in the rate prevailing on April 30, 2023 (7.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 8% on the settlement date (April 30, 2023), the Scheme loses 25 basis points but since the reinvestment will then happen at 8%, effective returns for the Scheme is unchanged at 7.75%, which is the prevailing rate on April 30, 2023.

Risks associated with Forward Rate Contracts:

When entering into an FRA, both parties to the contract entail credit risk exposure. The additional risks could be on account of lack of opportunity, illiquidity.

Interest Rate Future (IRF):

An interest rate future is a financial derivative (a futures contract) with an interest-bearing instrument as the underlying asset. Interest rate futures are used to hedge against the risk of that interest rates will move in an

adverse direction, causing a cost to the company.

For example, borrowers face the risk of interest rates rising. Futures use the inverse relationship between interest rates and bond prices to hedge against the risk of rising interest rates. A borrower will enter to sell a future today. Then if interest rates rise in the future, the value of the future will fall (as it is linked to the underlying asset, bond prices), and hence a profit can be made when closing out of the future (i.e. buying the future).

Illustration of Use of IRF (For Hedging):

A – Perfect Hedge

- 1) Assume a portfolio has 100 crores of Government security 7.59% GOI 2026 with face value Rs. 100/. The bond is currently trading in market at 105.00.
- 2) The futures on 7.59% GOI 2026, expiring on 27th January 2020 is trading on exchange at 105.10.
- 3) Instead of exiting the cash position, the fund manager can decide to hedge the position by selling the same quantity in futures. Since one contract of IRF has a notional of 2 lacs, in this example the fund manager sells $100 \text{ crs} / 2 \text{ lakhs} = 5000$ contracts, to hedge long position.
- 4) At maturity, the settlement price of the futures will be almost same as closing price of the underlying security.

At maturity of the Interest Rate Futures

Case 1: At expiry Bonds close higher than the price at which fund manager hedged the position, but below the futures price at which he hedged

Closing price of Bonds on day of maturity of futures = 105.05

Settlement price of futures = 105.05

MTM gain on the underlying bond = $(105.05 - 105.00) * 100 \text{ crs} / 100$ (i.e. face value of bond) = Rs. 5,00,000

The profit on the futures leg is = $5000 * 2 \text{ lacs} * (105.10 - 105.05) / 100$ (i.e. face value of bond) = Rs 5,00,000

Overall profit to the fund = Rs 10,00,000

Case 2: At maturity bonds close higher than the level at which futures were sold

In case, the closing price of bonds on the day of maturity of futures = 105.20,

Settlement price of futures = 105.20

The MTM gain on underlying bond = $(105.20 - 105.00) * 100 \text{ crs} / 100$ (i.e. face value of bond) = Rs. 20,00,000

Loss on futures leg is = $5000 * 2 \text{ lacs} * (105.10 - 105.20) / 100$ (i.e. face value of bond) = - Rs 10,00,000

Total Profit to the fund = Rs 10,00,000

As can be seen above, by selling the future contract instead of the underlying, the fund manager has locked in the Rs. 10,00,000 profit and at the same time cash holding position will be hedged against the adverse market movements.

B- Imperfect Hedge:

Imperfect hedging is applicable when the underlying of the IRF contract is different from security held in the portfolio. Assume the portfolio of market value worth INR 1000 crore has a modified duration of 5. This is being hedged with an IRF that has a modified duration of 10.

Considering that fund manager choose to hedge 20% of the portfolio the maximum extent of short position that may be taken in IRF is as below:

(Portfolio Modified Duration*Market Value of the Portfolio

(Futures Modified Duration*Futures Price/PAR)

(5*(0.2*1000))

(10*(101/100))

=Rs.99.01 Crores.

Hence the scheme can sell IRFs worth Rs.99.01 Crores and with duration of 10 to hedge Rs.200 Crores of portfolio with a duration of 5.

Position Limits for IRF Contracts:

Scheme Level: The gross open positions across all contracts shall not exceed 3 % of the total open interest or INR 200 crores- whichever is higher.

Mutual Fund: The gross open positions across all contracts shall not exceed 10 % of the total open interest or INR 600 crores- whichever is higher

For detailed derivative strategies, please refer to SAI.

Risk Control Measure:

Investments in, debt securities and money market instruments carry various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging. In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the SEBI (MF) Regulations which would help in mitigating certain risks relating to investments in securities market. Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. There is a Board level Risk Management Committee which reviews overall risk management function.

Risk Mitigation measures for investments in debt instruments:

The investments in debt and Money Market instruments would be undertaken after assessing the associated credit risk, interest rate risk and liquidity risk. The AMC shall undertake credit evaluation of each investment opportunity and invest in rated papers of companies having a sound background, strong fundamentals and quality of management and financial strength. In addition, the Scheme would endeavor to invest in instruments with a relatively higher liquidity, and will seek to manage the duration of the debt assets on proactive basis to manage interest rate risk and to optimize returns.

The scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI/RBI for the purpose of hedging and portfolio rebalancing.

The above risk control measures shall be implemented by the AMC on best effort basis however there can be no guarantee that such measures can completely mitigate the risks involved in Scheme.

Review of Strategy:

The above portfolio strategies are not absolute and Fund Manager may from time to time at its absolute discretion review and modify the strategy, provided such modifications are in line with SEBI (MF) Regulations and Investment objective of scheme.

Portfolio Turnover Policy:

“Portfolio Turnover” is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Scheme’s portfolio during the given period. The Scheme is an open-ended debt scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Further, in the debt market, trading opportunities may arise due to changes in system liquidity, interest rate policy announced by RBI, shifts in the yield curve, credit rating changes or any other factors. In the opinion of the fund manager, these opportunities can be played out to enhance the total return of the portfolio, which will result in increase in portfolio turnover. There may be an increase in transaction cost such as brokerage paid, if trading is done frequently. However, the cost would be negligible as compared to the total expenses of the Scheme. Frequent trading may increase the profits which will offset the increase in costs. The fund manager will endeavour to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. However, it is difficult to estimate with reasonable measure of accuracy, the likely turnover in the portfolio of the Scheme. The Scheme has no specific target relating to portfolio turnover.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE

The performance of Bank of India Money Market Fund shall be benchmarked against CRISIL Money Market A-1 Index. The benchmark is most suited for comparing the performance of the Scheme.

The CRISIL Money Market A-1 Index has been designed to track the performance of the money market funds. The CRISIL Money Market A-1 Index provides market participants with a convenient, realistic and easily available tool for the capture and the analysis of market movements and to evaluate the corresponding effect on a portfolio consisting of investments in the money market funds. Also, as required under Para 1.9 of SEBI Master circular dated June 27, 2024 as amended from time to time, the benchmark has been selected from amongst those notified by AMFI as the first-tier benchmark to be adopted by mutual funds.

The AMC and the Trustee may mutually agree to change the benchmark index or select an additional benchmark index after recording reasons for such change and by following required regulatory process.

The Scheme performance are reviewed by Investment Committee at its monthly meeting. The Board of AMC & Trustee also discuss the Scheme Performance with the respective benchmarks in its meetings.

- vi. Investments of AMC in the Scheme:

The AMC shall not invest in any of the schemes unless full disclosure of its intention to invest has been made in the Scheme Information Document and that the AMC shall not be entitled to charge any fees on such investment.

The AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly in the Scheme. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Scheme. Consequently, in the event of repurchase of units held by such associates and Sponsor, there be an adverse impact on the units of the Scheme as the timing

of such repurchase may impact the ability of other unitholders to repurchase their units. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time.

The AMC may invest in the Scheme at any time during the NFO and continuous offer period subject to the SEBI Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time. As per the existing SEBI Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the Scheme.

Further, the AMC shall be based on the risk value assigned to the scheme, shall invest minimum amount as a percentage of assets under management of the scheme, pursuant to para-No. 6.9.2 of SEBI Master Circular dated June 27, 2024 on Mutual Funds. Subsequently, the details can be accessed using the link(<https://www.boimf.in/regulatory-reports/minimum-investment-by-amc-in-scheme>).

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

Valuation of assets, computation of NAV, repurchase price and their frequency of disclosure will be in accordance with the provisions of SEBI (Mutual Funds) Regulations 1996/ Guidelines/ Directives issued by SEBI from time to time. The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

$$\text{NAV (Rs .Per unit)} = \frac{\text{Market or Fair Value of the Scheme's Investments + Other Assets (including accrued interest) - Current Liabilities \& Provisions}}{\text{Number of Units Outstanding under the Scheme at the end of the day}}$$

The NAV will be calculated up to 4 decimals using standard rounding criteria. The NAV will be computed and announced for each Business Day. The NAV shall be calculated and announced on a daily basis. The NAVs of Growth Option and IDCW Option will be different after the declaration of the first IDCW.

The IDCW paid on units of the Scheme(s) Fund shall be deducted in computing the NAV of the Scheme(s), each time a IDCW is declared and till it is distributed.

NAV Illustration on NAV computation:

The computation of NAV per unit using various components is explained as follows:

Particulars	Amount (In Rs.)
Market or Fair Value of the Scheme's Investments	1000
Add: Current Assets	1000
Less: Current Liabilities and Provisions	300
Net Assets	1700

No of units outstanding in the plan = 100

The NAV per unit will be computed as follows: $1700/100 = \text{Rs. 17 per unit}$.

The Fund shall value its investments according to the valuation norms, as specified in Schedule VIII of the Regulations, or such norms as may be prescribed by SEBI from time to time.

Methodology for computation of sale and re-purchase price of the units of mutual fund scheme:

Let's assume that an investor has invested Rs. 100,000 in a Mutual Fund Scheme on April 01, 2024, at a NAV of Rs. 10/- per unit and the exit load structure of the scheme is:

- For exit on or before 12 months from the date of allotment – 1.00%
- For exit after 12 months from the date of allotment – Nil.

Purchase of Mutual Fund units:

$$\begin{array}{l} \text{Number of units allotted} \\ \text{At the time of purchase of units} \end{array} = \frac{\text{Amount invested}}{\text{NAV of scheme as on date of investment}}$$

$$\frac{1,00,000}{10} = 10,000 \text{ units}$$

As per existing Regulations, no entry load is charged with respect to applications for purchase / additional purchase of mutual funds units.

Redemption/Re-purchase of mutual fund units

In case of redemption, the amount payable to the investor shall be calculated as follows:

(Current value of the holding) – (Exit Load applicable)

where, Current value of the holding = No. of units as on the date* NAV as on the date

Exit Load applicable = Current value of the holding * Exit Load %

Scenario 1: Redemption is done during applicability of exit load

Assume that the investor has requested for redemption of all the units (i.e. 10,000 units), on or before 12 months from the date of allotment i.e. on or before March 31, 2024, the redemption amount payable to investor shall be calculated as follows:

Say in this example the redemption request is done on December 1, 2023; when the NAV of the scheme was Rs. 12/- and the exit load applicable is 1%, so the Redemption amount payable to investor shall be calculated as follows:

Current value shall be = 10,000 units*Rs. 12/- = Rs. 120,000/-

Exit load applicable = Rs. 120,000*1% = Rs. 1200/-

Redemption amount payable to investor = Current value of the holding – Exit Load applicable
= Rs. 120,000 - Rs. 1200 = Rs. 118,800/-

Scenario 2: Redemption is done if the exit load is NIL

Assume that the investor has requested for redemption of all the units (i.e. 10,000 units), after 12 months from the date of allotment i.e. after March 31, 2024, the redemption amount payable to investor shall be calculated as follows:

Say in this example the redemption request is done on April 1, 2024; when the NAV of the scheme was Rs. 12 and the exit load applicable is NIL, so the Redemption amount payable to investor shall be calculated as follows:

Current value shall be = 10,000 units*Rs. 12/- = Rs. 120,000/-

Exit load applicable = NIL

Redemption amount payable to investor = Current value of the holding – Exit Load applicable
= Rs. 120,000 - NIL = Rs. 120,000/-

The aforesaid example does not take into consideration any applicable statutory levies or taxes. Accordingly, the redemption amount payable to investor shall further reduce to the extent of applicable statutory levies or taxes.

The AMC shall update the NAVs on the website of Association of Mutual Funds in India -AMFI (www.amfiindia.com) by 11.00 p.m. or such other time as may be mandated by SEBI, on a daily basis. In case of any delay, the reasons for such delay will be explained to AMFI and, if so mandated, SEBI, by the next day. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund will be able to publish the NAVs.

As required under the Regulations, the fund shall ensure that the repurchase price of an open ended scheme is not lower than 97% of the Net Asset Value. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising expense, registrar expenses, printing and stationary, bank charges etc. The NFO expenses shall be borne by the AMC/Trustee/Sponsor and not by the Scheme of the Mutual Fund. The AMC will ensure that no NFO expenses will be charged to the Scheme.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.00 % of the daily net assets of the scheme will be charged to the scheme as expenses For the actual current expenses being charged, the investor should refer to the website of the mutual fund ((<https://www.boimf.in/investor-corner#t4>)).

As per the Regulations, the maximum recurring expenses excluding issue or redemption expenses, whether initially borne by the Fund or by the AMC but including investment management and advisory fee that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management & Advisory Fee	Upto 2.00%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements / IDCW / redemption cheques/ warrants	
Marketing & Selling Expenses including Agents Commission and statutory advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness	
Brokerage & transaction cost pertaining to distribution of units	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.00%
Additional expenses under Regulations 52(6A)(c)	Nil
Additional expenses for gross new inflows from specified cities	Upto 0.30%

The purpose of the table is to assist the investor in understanding the various costs and expenses to be borne by the Scheme. Apart from the above expenses, any other expenses which are directly attributable to the

Scheme, may be charged with the approval of the Trustee within overall limits as specified in the Regulations except those expenses which are specifically prohibited.

Investment Management and Advisory Fees charged by the AMC to the Scheme shall be within the total expense limit as prescribed under Regulation 52 of the Regulations with no sub-limits on said management and advisory fees.

The annual total of all permissible recurring charges and expenses of the Scheme including Investment Management and Advisory Fees as mentioned in the above table, shall be subject to the following limits as specified in Regulation 52(6) of the Regulations:

Asset under Management slab (in crore)	TER limits
on the first Rs. 500 crores of the daily net assets.	2.00%
on the next Rs. 250 crores of the daily net assets	1.75%.
on the next Rs. 1,250 crores of the daily net assets.	1.50%
on the next Rs. 3,000 crores of the daily net assets	1.35%
on the next Rs. 5,000 crores of the daily net assets	1.25%.
On the next Rs.40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof,
on balance of the assets	0.80%

Provided that the expenses as per the list as provided by AMFI, which are very small in value but high in volume may be paid out of AMC's books. Such expenses can be paid out of AMC's books at actuals or not exceeding 2 bps of the scheme AUM, whichever is lower. Such expenses incurred by AMC would be properly recorded and audited in the books of account of AMC at year end.

Further, in addition to the limits prescribed in the Regulation 52 (6) of the SEBI (Mutual Funds) Regulations, the additional expenses not exceeding 0.05% of daily net assets shall not be charged to the scheme as the exit load is not levied to the scheme.

For inflows beyond top 30 cities:

expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from retail investors from such cities as specified by SEBI/AMFI from time to time are at least -

- (i) 30 per cent of gross new inflows in the scheme, or;
- (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher

Provided that if inflows from retail investors from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back

to the scheme in case the said inflows are redeemed within a period of one year from the date of investment;

The additional TER in terms of Regulation 52(6A)(b) of SEBI (Mutual Funds) Regulations, 1996 shall be charged upto 30 basis points on daily net assets of the scheme based on inflows only from retail investors beyond Top 30 cities (B 30 cities). Inflows of amount upto Rs. 2,00,000 per transaction by individual investors shall be considered as inflows from retail investors. Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

The additional commission for B 30 cities shall be paid as trail only.

Note :-SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/ OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/MEM-COR/85-a/2022-23 dated March 02, 2023 has directed AMCs to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice. Accordingly, the B-30 incentive structure shall be implemented as per SEBI/AMFI directions from time to time.

Further, GST on investment and advisory fees to the scheme shall be charged in addition to the Total Expense Ratio as mentioned above.

Additionally at least 2 basis points on daily net assets within the maximum limit of overall expense Ratio (as mentioned in the above table) shall be annually set apart for investor education and awareness initiatives.

Investors should further note that the AMC reserves the right to charge a higher percentage of Investment and Management Fees than as mentioned in the SID but within the overall total expense ratio mentioned for the Scheme.

Further, brokerage and transaction cost incurred for the purpose of execution shall be charged to the schemes as provided under Regulation 52 (6A) (a) upto 12 bps and 5 bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage & transaction costs, over and above the said 12 bps and 5 bps for cash market transactions and derivatives transactions respectively may be charged to the Scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan. The Direct Plan shall also have separate NAV.

The total expense ratios of the schemes of the Fund are available in downloadable spreadsheet format on the AMC website and AMFI website. Any change in the current expense ratios will be updated at least three working days prior to the effective date of the change. For the total expense ratio details of the Scheme, investors may visit <https://www.boimf.in/investor-corner#t4> available on the website of the AMC viz., www.boimf.in and AMFI's website viz., www.amfiindia.com.

ILLUSTRATION OF IMPACT OF EXPENSE RATIO ON SCHEMES RETURNS:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets. To further illustrate the above, for the Scheme under reference, suppose an Investor invested Rs. 10,000/- (after deduction of stamp duty and transaction charges, if any) under the Growth Option, the impact of expenses charged will be as under:

Particular	Regular Plan	Direct Plan
Amount invested at the beginning of the year (Rs.)	1,00,000/-	1,00,000/-
Returns before expenses (Rs.)	8,000/-	8,000/-
Expenses other than Distribution expenses (Rs.)	250/-	250/-
Distribution expenses (Rs.)	50/-	0/-
Returns after expenses at the end of the year (Rs.)	7,700/-	7,750/-
Return (in %)	7.70%	7.75%

Above illustration is a simplified calculation to show the impact of the expense charged on the performance to the scheme. In the above illustration total expense charged to the scheme has been mentioned in INR.

As per the SEBI regulation, expense to the scheme is charged on daily basis on the daily net assets and as per the percentage limits specified in the SEBI regulations.

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme.

C. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (<https://www.boimf.in/siddisclosures/load-structure>) or may call at (1800 - 266 - 2676 & 1800 - 103 - 2263) or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	Nil
Entry	No entry Load shall be charged to the Scheme.

As required under the Regulations, the fund shall ensure that the repurchase price of an open ended scheme is not lower than 97% of the Net Asset Value.

- The entire exit load (net of GST), if any shall be credited to the Scheme.
 - No Exit Loads will be chargeable in case of switches made between different options of a Scheme.
 - Exit Load will be computed basis the amount of redemptions made by an investor/Unitholder.
 - Redemption of investments made through STP, switch or other facilities will also attract Exit Load as applicable except otherwise specified.
 - In terms of Paragraph 10.4.1.a of SEBI Master Circular dated June 27, 2024 on Mutual Fund, no Entry Load will be charged to any purchase applications (including additional purchases and switch-ins). Direct Applications will also not attract any Entry Load. Upfront commission shall be paid directly by the investor to the AMFI registered Distributors based on the investors' assessment of various factors including the service rendered by the distributor.
 - Where investments were made directly i.e. without any distributor code, exit load will not be levied on switch of Units from Regular Plan to Direct Plan.
 - No exit load shall be levied in case of switch of Units from Direct Plan to Regular Plan.
 - For any change in Load structure, AMC will issue an addendum and display it on the AMC Website immediately and circulated to all Investor Service Centres for inclusion in the existing copies.
 - Units issued on reinvestment of IDCW shall not be subject to exit load.
 - The Trustee reserves the right to modify / alter the Load structure under the Scheme and may decide to charge a Load or revised Load or introduce a differential Load structure on the Units prospectively subject to the following:
 - Any imposition or enhancement in the Load shall be applicable on prospective investments only.
 - The addendum detailing the changes may be attached to Scheme Information Documents and key information memorandum. The addendum may be circulated to all the distributors/brokers so that the same can be attached to all Scheme Information Documents and key information memoranda already in stock.
 - Arrangements may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- The introduction of the Exit Load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such Load.

B. Risk factors

(i) Standard Risk Factors

- (a) Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- (b) As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of the investment in the scheme may go up or down. As with any investment in securities, the NAV of the Units under the Scheme can go up or down, depending on the factors and forces affecting the markets. The various factors which impact the value of the scheme's investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- (c) Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- (d) Bank of India Money Market Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- (e) While the Schemes will endeavour to declare IDCW under IDCW option, however, there is no guarantee or assurance that such IDCW will be declared/paid and such declaration / payment is entirely subject to availability of distributable surplus.
- (f) The Sponsor is not responsible or liable for any loss or shortfall in Scheme's corpus arising or resulting from the operation of the Scheme, beyond the initial contribution of Rs. 1,00,000/- (Rupees One Lakh only) made by it to the Fund at the time of setting up the Mutual Fund. The Associates of the Sponsor are not responsible or liable for any loss or shortfall resulting from the operation of the Scheme. However, the asset management company and the sponsor of the mutual fund shall be liable to compensate the affected investors and/or the scheme for any unfair treatment to any investor as a result of inappropriate valuation.
- (g) The present Scheme is not a guaranteed or assured return scheme and investors in the Scheme are not being offered any guaranteed / assured return.
- (h) Statements/Observations made in this Scheme Information Document are subject to the laws of the land as they exist at any relevant point of time.
- (i) Mutual Funds and securities investments are subject to market risks and the NAVs of the units issued under the scheme may go up or down depending on the factors and forces affecting the capital markets.
- (j) Growth, appreciation, IDCW and income, if any, referred to in this Scheme Information Document are subject to the tax laws and other fiscal enactments as they exist from time to time

(ii) Scheme specific Risk Factors

I. Risk Factors associated with investments in Money Market instruments:

Investments in money market instruments would involve a moderate credit risk i.e. risk of an issuer's

liability to meet the principal payments. Additionally, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

Money market instruments may also be subject to price volatility due to factors such as changes in interest rates (when interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline), general level of market liquidity and market perception of credit worthiness of the issuer of such instruments and risks associated with settlement of transactions and reinvestment of intermediate cash flows. The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will consequently be affected by the aforesaid factors. The AMC endeavours to manage such risk by the use of in house credit analysis.

The NAV of the Scheme's Units, to the extent that the corpus of the Scheme is invested in money market instruments, will be affected by the changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.

II. Risk associated with investments in Bonds / Fixed Income Instruments:

- a. Fixed Income instruments may be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments.
- b. Investments in money market instruments involve a moderate credit risk i.e. risk of an issuer's ability to meet the principal payments. Additionally, money market securities, while are fairly liquid, lack a transparent secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- c. The liquidity of investments may be restricted by trading volumes and settlement periods. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. By the same token, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of the securities held in the Scheme's portfolio.
- d. Fixed Income securities can either be listed on any exchange or be unlisted. It has been seen over the years that the price discovery in case of listed securities is much quicker and transparent. Moreover, securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Now-a-days money market securities are fairly liquid, but lack a well- developed transparent secondary market, which may restrict the selling ability of the Schemes and may lead to the Schemes incurring losses till the security is finally sold. This holds true when the Schemes are looking to purchase securities as well. Corporate debt market transactions in the primary and secondary market is an over the telephone market, which leads to poor price discovery and transparency. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible

loss of corporate benefits accruing thereon.

- e. The NAV of the Scheme's Units, to the extent the Scheme is invested in coupon bearing fixed income securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline. In case of floating rate securities it depends upon the frequency of the coupon reset.
- f. Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment.
- g. Investment decisions made by the Investment Manager may not always be profitable.
- h. The liquidity of the scheme is inherently restricted by trading volumes in securities in which it invest.
- i. Different types of securities in which the Scheme would invest as given in the SID carry different levels and types of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further, even among corporate bonds, bonds which are rated AAA are comparatively less risky than bonds which are AA rated.
- j. Interest Rate Risk: As with all debt securities, changes in interest rates will affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long term securities generally fluctuate more in response to interest rate changes than of shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.

In the case of floating rate instruments, an additional risk could rise because of the changes in the spreads of floating rate instruments. With the increase in the spread of floating rate instruments the prices can fall and with the contraction in the spreads of the floating rate instruments the prices can rise, other parameters being unchanged. Moreover, floating rate instruments which have periodical interest rate reset carry lower interest rate risk compared to a fixed rate debt instrument. However, in a falling interest rate scenario the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.

- k. **Liquidity or Marketability Risk:** This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the quoted bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event: (a) it has to meet an inordinately large number of redemption, or (b) of restructuring of the Scheme's investment portfolio. Securities that are unlisted also carry a higher liquidity risk compared to listed securities.

- l. **Credit Risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). However, even if no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent. However, corporate debt carries a higher risk and trade at a level higher than corresponding G-secs.

Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default. Different types of securities in which the Scheme is invested carry different levels and types of risk. The credit risk in respect of Scheme assets portfolio thus may go up or down basis its investment pattern.

- m. **Re-investment Risk:** This refers to the interest rate risk at which the intermediate cash flows received from the securities in the Scheme including maturity proceeds are reinvested. Investments in debt instruments may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the debt security. Consequently, the proceeds may get invested at a lower rate.

Type of Risk	Risk Mitigation Measures
Volatility	By controlling class/ sector/ issuer exposures in debt & money market instruments to control overall portfolio volatility.
Concentration	By investing in various debt instruments such as corporate and PSU bonds, TREPS/ Repo and money market instruments of various issuers which will be from different industries/sectors.

- n. **Risk Factor associated with investing in Securities Segment and Tri-party Repo trade settlement:**

Clearing Corporation of India Ltd. ('CCIL') is providing clearing and settlement services, for Triparty Repo trades in Government Securities, under its Securities Segment. CCIL would act as a Central Counterparty to all the borrow and lend Triparty Repo trades received by it for settlement. CCIL would also be performing the role responsibilities of Triparty Repo Agent, in terms of Repurchase transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. CCIL would settle the Triparty Repo trades, in terms of its Securities Segment Regulations.

The funds settlement of members is achieved by multilateral netting of the funds position in Triparty Repo with the funds position in Outright and Market Repo and settling in the books of RBI for members who maintain an RBI Current Account. In respect of other members, funds settlement is achieved in the books of Settlement Bank. Securities settlement for Triparty Repo trades shall be achieved in the Gilt Account of the Member maintained with CCIL. Securities obligation for outright and market repo trades shall be settled in the SGL / CSGIL account of the Member with RBI.

Bank of India Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the CCIL. Since all transactions of the Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL, it reduces the settlement and counterparty risks considerably for transactions in the said segments.

To mitigate the potential losses arising in case any member defaults in settling the transactions routed through CCIL, CCIL maintains a Default Fund. CCIL shall maintain two separate Default Funds in respect of its securities segment, one to meet the losses arising out of any default by its members from outright and repo trades and other for meeting losses arising out of any default by its members from Triparty Repo trades.

In case any clearing member fails to honor his settlement obligations, the Default Fund is utilized to complete the settlement applying the Default Waterfall Sequence. As per the said waterfall mechanism, after the defaulter's margins and defaulter's contribution to default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution, if there is still a loss to be met, then contribution of non-defaulting members to Default Fund is utilized to meet the said loss.

The Scheme is subject to the risk of losing initial margin and contribution to Default Fund in the event of failure of any settlement obligation. Further the Scheme's contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Further, CCIL periodically prescribes a list of securities eligible for contribution as collaterals by members. Presently, all Central Government Securities and Treasury Bills are accepted as collaterals by CCIL. The above risk factor may undergo a change in case the CCIL notifies securities other than Government of India Securities as eligible for contributions as collateral.

- o. **Repurchase Risk:** The Scheme is open-ended. To provide liquidity to the investors, the Fund proposes to provide repurchase facility in the Scheme on every Business Day.
- p. **Performance Risk:** Performance of the Scheme may be impacted with changes in factors which affect the equity market and debt market.
- q. **Legislative Risk:** This is the risk that a change in the tax code could affect the value of taxable or tax exempt interest income.
- r. **Duration Risk:** Debt instruments of any issuer that has higher duration could be more risky in terms of price movements relative to those with lower duration. Thus any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security.
- s. **Counterparty Risk:** This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the Scheme in case of counterparty default.
- t. **Inflation Risk:** Inflation causes tomorrow's currency to be worth less than today's; in other words, it reduces the purchasing power of a bond investor's future interest payments and principal, collectively known as "cash flows." Inflation also leads to higher interest rates, which in turn leads to lower bond prices. Inflation indexed securities such as Treasury Inflation Protection Securities (TIPS) are structured to remove inflation risk.
- u. **Basis Risk:** The underlying benchmark of a floating rate security or a swap might become less active or may cease to exist and thus may not be able to capture the exact interest rate movements, leading to loss of value of the portfolio.
- v. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- w. **Settlement Risk:** Debt instruments run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.

- x. **Pre-payment Risk:** Certain debt instruments give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.

III. Risk associated with investing in Repo of Corporate Bond Securities:

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

- Corporate Bond Repo will be subject to counter party risk.
- The Scheme will be exposed to credit risk on the underlying collateral- downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.
- Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

IV. Risk associated with investments in Derivatives:

- Counter Party Risk: This is the risk of default of obligations by the counter party.
- Market risk: Derivatives carry the risk of adverse changes in the market price.
- Illiquidity risk: The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.
- Basis Risk: the risk that the movements in swap rates does not actually reflect the expected movement in benchmark rates, thus, creating a mismatch with what was intended.

The Fund may use permitted derivative instruments like exchange traded options and futures or other derivative instruments as may be permitted from time to time.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability to identify such opportunities as well as to manage risks arising thereby. Identification and execution of the strategies to be pursued involve uncertainty and investment decisions may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

Derivative investments carry certain risks and issues arising out of such dealings. The risks associated with the use of derivatives - either for hedging or for portfolio balancing - are different from, and possibly greater than, the risks associated with investing directly securities and other traditional investments.

Certain other risks, one or more, that may arise consequent to use of derivatives are: risk of mispricing or improper valuation of derivatives, credit risk arising out of counterparty failing to honour its commitment, liquidity risk where the derivatives cannot be sold at prices that reflect the underlying assets, rates and indices, and price risk where the market price may move in adverse fashion.

Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to manage the risks as a result of the possible failure of the counterparty to comply with the terms of the derivative contract.

Risk Associated with Covered Call Strategy:

- The underlying security may fall by more than the option premium earned, thereby exposing the strategy to downside risks.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

V. Risk associated with Securities Lending:

The securities forming assets of the Scheme may be lent in accordance with the prevailing securities lending Regulations. The leading to arising of certain risks associated with the securities lending activity including counter party risk, possible loss of rights to the collateral put up by the borrower of the securities, inability of the approved intermediary to return the securities, timely or otherwise, deposited by the lender and likely loss of corporate benefits accruing to the lender in respect of the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

VI. Risks associated with transactions in units through Stock Exchange Mechanism:

In respect of transactions in Units of the Scheme through NSE and/ or BSE or any other recognised stock exchange allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

VII. Risks associated with Segregated Portfolio:

- a) Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.
- b) Security(ies) held in segregated portfolio may not realize any value.
- c) Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

VIII. Redemption Risk:

As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for redemption of Units may be significant in the event of an inordinately large number of redemption requests or a restructuring of the Scheme.

IX. Backstop facility in form of investment in Corporate Debt Market Development Fund (CDMDF):

CDMDF is set up as a scheme of the Trust registered as an Alternative Investment Fund ('AIF') in accordance with the SEBI (Alternative Investment Funds) Regulations, 2012 ("AIF Regulations"). The objective of the CDMDF is to help to develop the corporate debt market by providing backstop facility to instill confidence amongst the market participants in the corporate debt/bond market during times of market dislocation and to enhance the secondary market liquidity. In times of market dislocation, CDMDF shall purchase and hold eligible corporate debt securities from the participating investors (i.e., specified debt-oriented MF schemes to begin with) and sell as markets recover. The CDMDF will thus act as a key enabler for facilitating liquidity in the corporate debt market and to respond quickly in times of market dislocation. The trigger and period for which the backstop facility will be open shall be as

decided by SEBI. Thus, this backstop facility will help fund managers of the aforementioned Schemes to better generate liquidity during market dislocation to help the schemes fulfill liquidity obligations under stress situation.

In accordance with the requirement of regulation 43A of SEBI (Mutual Funds) Regulations, 1996 read with SEBI circular no. SEBI/HO/IMD/PoD2/P/CIR/2023/129 dated July 27, 2023 on Investment by Mutual Fund Schemes in units of Corporate Debt Market Development Fund, the aforementioned schemes shall invest 25 bps of its AUM as on December 31, 2022 in the units of the Corporate Debt Market Development Fund ('CDMDF'). An incremental contribution to CDMDF shall be made every six months to ensure 25 bps of scheme AUM is invested in units of CDMDF. However, if AUM decreases there shall be no return or redemption from CDMDF. Contribution made to CDMDF, including the appreciations on the same, if any, shall be locked-in till winding up of the CDMDF.

We would further like to bring to the notice of the investors that investments in CDMDF units shall not be considered as violation while considering maturity restriction as applicable for various purposes (including applicable Investment limits) and the calculations of Potential Risk Class (PRC) Matrix, Risk-o-meter, Stress testing and Duration for various purposes shall be done after excluding investments in units of CDMDF.

Investors are requested to read details disclosure on investment of the schemes in the CDMDF as listed in section "I. How will the Scheme allocate its assets? And section II. Where will the Scheme Invest" in Section "PART II- Information about the scheme".

C. RISK MITIGATION STRATEGIES

Risk management is an integral part of the investment process. In line with Para-no 4.3.1 of SEBI Master Circular dated June 27, 2024 on Mutual Funds, the AMC has incorporated adequate safeguards for controlling risks in the portfolio construction process, which would be periodically evaluated. Online monitoring of various exposure limits are done by the Front Office System. The system incorporates all the investment restrictions as per SEBI guidelines and 'soft' warning alerts at appropriate levels for preemptive monitoring.

Risk	Risk Mitigation Strategy
Interest rate risk Security price volatility due to movements in interest rate.	Active duration management strategy; Control portfolio duration and actively evaluate the portfolio structure with respect to existing interest rate scenario.
Market Risk Risk arising due to adverse market movements	Endeavour to have a well-diversified portfolio of high quality securities having maturity upto 1 year.
Credit Risk Risk that the issuer may default on interest and/or principal payment obligations	Investment universe carefully defined to include issuers with high credit quality; critical evaluation of credit profile of issuers on an on-going basis.
Performance Risk Risk arising due to changes in factors affecting debt markets.	Endeavour to have a well- diversified portfolio of good companies, carefully selected to include those with perceived good quality of earnings.
Concentration Risk Risk arising due to over exposure to a few securities/issuers/sectors.	Ensuring diversification by investing across the spectrum of securities/issuers/sectors.
Liquidity Risk Risk associated with saleability of portfolio securities.	Control portfolio liquidity at portfolio construction stage.

Liquidity risk management practices adopted by the AMC:

The system also enables identifying & measuring the risk through various risk measurement tools and analyzes the same so as to act in a preventive manner.

Potential Risk Class (PRC) Matrix: The PRC reflects the maximum risk that a scheme will run as per design and a measurement of that risk on a regular basis. Remedial measures also in place in case any of the design boundaries are breached.

Liquidity Risk Management (LRM): LRM addresses the Liquidity Risk arising from the liability side and covers all potential liquidity risk scenarios upto 99% confidence interval. Has remedial measures both for managing this risk on an ongoing basis (LRaR & LCRaR) as well as action plan in case there is a difference between actual outcome and projected outcome.

Stress testing: Stress testing in open-ended debt schemes (except Overnight Fund) addresses the asset side risk from an Interest Rate, Credit and Liquidity Risk perspective at an aggregate portfolio level in terms of its impact on NAV.

Asset Liability Mismatch (ALM): ALM framework to address a longer-term Asset Liability matching up to a period of 90 days. The RMC circular brings in ALM requirement which addresses potential Liquidity requirement over a 90-day period and required relevant asset side liquidity to be maintained.

Swing pricing: In case of severe liquidity stress at an AMC level or a severe dysfunction at market level, the Swing Pricing guidelines get triggered which offers the contingency plan in case all else fails.

II. INFORMATION ABOUT THE SCHEME

A. WHERE WILL THE SCHEME INVEST

Detailed description of the instruments (including overview of debt markets in India, if applicable) mentioned in Section I.

B. WHAT ARE THE INVESTMENT RESTRICTIONS

1. The investment shall at all times be in accordance with the SEBI Regulations and other applicable regulations.
2. A mutual fund scheme shall not invest more than:
 - a) 10% of its NAV in debt and money market securities rated AAA; or
 - b) 8% of its NAV in debt and money market securities rated AA; or
 - c) 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation:

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri Party Repo on Government securities or treasury bills.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

3. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments and derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used for hedging.

Provided that Mutual Fund Schemes may invest in unlisted nonconvertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

In terms of Para 12.1.4 of the SEBI Master Circular dated June 27, 2024 on Mutual Funds, all investments in CPs would be made only in CPs which are listed or to be listed with effect from one month from January 01, 2020.

4. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the

investment restrictions as applicable for debt instruments.

5. The scheme may invest in another scheme under the same AMC or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management of the AMC or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Mutual Fund.

Provided that this clause shall not apply to any fund of funds scheme.

6. No scheme shall make any investment in any fund of funds scheme.
7. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities. Provided that the Fund may engage in short selling, securities lending and derivatives transactions in accordance with the frame work specified relating to short selling and securities lending and borrowing specified by the Board.

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

8. The Mutual Fund shall get the securities purchased or transferred in its name on account of the concerned scheme, wherever investments are intended to be of long-term nature.
9. Pending deployment of funds in terms of investment objectives of the scheme:

The Mutual Fund can deploy the funds of the Scheme in short term deposits of upto 91 days with scheduled commercial banks in line with Para 12.16 of the SEBI Master Circular dated June 27, 2024 on Mutual Funds. However, such deployment shall not exceed 15% of the net assets of the Scheme, or with Trustee's approval, upto 20%, across all banks, and further shall be limited to 10% of the net assets with any one scheduled commercial bank including its subsidiaries.

10. The Scheme shall not make any investment in : a) Any unlisted security of an associate or group company of the Sponsor; or b) Any security issued by way of private placement by an associate or group company of the sponsor; or c) The listed securities of group companies of the Sponsor which is in excess of 25% of the assets.
11. The Scheme will comply with following exposure limits while participating in repo in corporate debt securities or such other limits as may be prescribed by SEBI from time to time:
 - The gross exposure to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the scheme.
 - Further the amount lent to counter-party under repo transaction in corporate debt securities will be included in single issuer debt instrument limit.
 - The cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/ assets as may be permitted by the Board

from time to time should not exceed 100% of the net assets of the scheme in line with para 12.24 of SEBI master circular dated June 27, 2024..

- In case the Scheme borrows under repo in corporate debt securities, then such borrowing together with any other borrowing shall not exceed 20% of the net asset of that Scheme and tenor of borrowing shall not exceed six months.

12. Inter-scheme transfer of investments from one scheme to another scheme of the Mutual Fund shall be allowed only if :

- i. Such transfers are done at the prevailing market price for quoted instruments on spot basis.
Explanation -"Spot basis" shall have same meaning as specified by stock exchange for spot transactions.
- ii. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

The inter-scheme transfer shall be done in compliance with paragraph 12.30 of SEBI Master Circular dated June 27, 2024 on Mutual Funds, as amended from time to time.

13. Total exposure of the scheme in a particular sector (excluding investments in Bank CDs, TREPS, G-Secs, T-Bills, short terms deposits of scheduled commercial banks and AAA rated securities issued by Public Financial Institutions and Public Sector Banks and such other instruments if any, as may be specified by SEBI from time to time) shall not exceed 20% or such other percentage of the net assets of the scheme, as prescribed by SEBI from time to time, unless the scheme has specifically been exempted from the requirement by SEBI.

An additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs); Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

Provided further that the additional exposure to such securities issued by HFCs are rated AA & above and these HFCs are registered with National Housing Bank (NHB) and the total investment/exposure in HFCs shall not exceed 20% of the net assets of the scheme.

Note: The sector classification shall be basis the data provided by Association of Mutual Fund in India.

Pursuant to Para 12.1.5 of the SEBI Master Circular dated June 27, 2024, Investment in BRDS by debt schemes of mutual funds shall be considered as exposure to financial services sector for the purpose of sector exposure limits.

14. The Mutual Fund shall subject to Regulations settle its transactions only through dematerialised securities except such instruments which are to be transacted only in physical form. Further, all transactions in government securities shall also be in dematerialised form.
15. The Scheme shall not invest (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) more than 20% of net assets in the Group. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.

For this purpose, "Group" means a group as defined in clause (b) of the Explanation to Section 5 of

the Competition Act, 2002 (12 of 2003). Further, limit for investment in debt and money market instruments of group companies of sponsor and AMC is 10% of the net assets of the scheme which can be extended to 15% with the prior approval of the Board of Trustees.

16. Derivatives Exposure limits for the Scheme:

In accordance with para 12.25 of SEBI Master Circular dated June 27, 2024 on Mutual Funds, the following exposure limits for investment in derivatives will be applicable to the Scheme:

- 1) The cumulative gross exposure through debt and derivative positions (including commodity and fixed income derivatives) will not exceed 100% of the net assets of the scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
- 2) The Schemes shall not write options or purchase instruments with embedded written options.
- 3) The total exposure related to option premium paid shall not exceed 20% of the net assets of the scheme.
- 4) Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - a) Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - b) Hedging positions shall not be taken for existing derivative positions. Exposure due to such positions shall be added and treated under gross cumulative exposure limits as mentioned under point 1.
 - c) Any derivative instrument used to hedge shall have the same underlying security as the existing position being hedged.
 - d) The quantity of underlying associated with the derivative position taken for hedging purposes shall not exceed the quantity of the existing position against which hedge has been taken.
- 5) Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under gross cumulative exposure limits as mentioned under point 1.
- 6) (a) The Scheme may enter into plain vanilla Interest Rate Swaps (IRS) for hedging purposes. The value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme.
 (b) In case of participation in IRS is through over the counter transactions, the counter party has to be an entity recognized as a market maker by RBI and exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme. However, if mutual funds are transacting in IRS through an electronic trading platform offered by the Clearing Corporation of India Ltd. (CCIL) and CCIL is the central counterparty for such transactions guaranteeing settlement, the single counterparty limit of 10% shall not be applicable.

Each position taken in derivative shall have an associated exposure as defined below. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts

- 7) Derivatives transactions shall be disclosed in the half-yearly portfolio/ annual report of the schemes in line with the requirements under SEBI Regulations.
17. The scheme will invest in Repos in Corporate debt in accordance with Para 12.18 of SEBI Master Circular dated June 27, 2024 on Mutual Funds.
18. The Scheme will comply with other regulatory provisions and restrictions as may be applicable for investments under the Scheme.
19. Apart from the investment restrictions prescribed under SEBI (MF Regulations), the Fund does not follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector etc.
20. The Trustee or AMC may alter the above restrictions from time to time to the extent that changes in the Regulations may allow or as deemed fit in the general interest of the unit holders. All investment restrictions shall be applicable at the time of making investment.
21. **Guidelines for Repo in Corporate Debt Securities:**

Participation scheme of Bank of India Mutual Fund in repo of corporate debt securities:

In accordance with Para 12.18 SEBI Master circular dated June 27, 2024 as amended from time to time, and any other circulars issued by SEBI/ RBI from time to time, the Scheme shall participate in repo transactions in corporate debt securities subject to following guidelines:

- The gross exposure of any mutual fund scheme to repo transactions in corporate debt securities including Commercial Papers (CPs) and Certificate of Deposits (CDs) shall not be more than 10 % of the net assets of the concerned scheme.
- The cumulative gross exposure through repo transactions in corporate debt securities including Commercial Papers (CPs) and Certificate of Deposits (CDs) along with equity, debt and derivatives, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time shall not exceed 100% of the net assets of the concerned scheme.
- Mutual funds shall participate in repo transactions on following Corporate Debt securities;
- listed AA and above rated corporate debt securities and
- Commercial Papers(CPs) and Certificate of Deposits(CDs).
- In terms of Regulation 44 (2) mutual funds shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.

- Mutual funds shall ensure compliance with the Seventh Schedule of the Mutual Funds Regulations about restrictions on investments, wherever applicable, with respect to repo transactions in corporate debt securities including Commercial Papers(CPs) and Certificate of Deposits(CDs). However, for transactions where settlement is guaranteed by a Clearing Corporation, the exposure shall not be considered for the purpose of determination of investment limits for single issuer, group issuer and sector level limits

Parameters for investment in repos of corporate debt securities as approved by the Board of AMC and Trustee Company are as under:

a. Category of counterparty:

All entities (including clearing corporations) eligible for transacting in corporate bond repos as defined by SEBI and RBI shall be considered for repo transactions.

b. Credit rating of counterparty:

The schemes shall participate in corporate bond repo transactions with counterparties having a minimum investment grade rating and is approved by the Investment Committee on a case-to-case basis. In case there is no rating available, the Investment Committee will decide the rating of the counterparty, and report the same to the Board from time to time. The requirement for credit rating of the counterparty will not be applicable for transactions where settlement is guaranteed by a Clearing Corporation.

c. Tenor of collateral:

As a repo seller, the schemes will borrow cash for a period not exceeding 6 months or as per extant regulations. As a repo buyer, the Schemes are allowed to undertake the transactions for maximum maturity upto one year or such other terms as may be approved by the Investment Committee. There shall be no restriction / limitation on the tenor of collateral.

d. Applicable haircuts:

RBI in its circular dated July 24, 2018 had indicated the haircut to be applied for such transactions as follows:

- 1) Haircut/ margins will be decided either by the clearing house or may be bilaterally agreed upon, in terms of the documentation governing repo transactions, subject to the following stipulations:
 - i. Listed corporate bonds and debentures shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.
 - ii. CPs and CDs shall carry a minimum haircut of 1.5% of market value.
 - iii. Securities issued by a local authority shall carry a minimum haircut of 2% of market value.
- 2) Additional haircut may be charged based on tenor and illiquidity of the security.

G. OTHER SCHEME SPECIFIC DISCLOSURES:

Listing and transfer of units	At present the units of scheme are not proposed to be listed on any stock exchange. However, the AMC / Trustee may at their sole discretion list the Units under the Scheme on one or more stock exchanges at a later date. Transferability of units: Units unless otherwise restricted or prohibited shall be freely transferable by act of parties or by operation of law. The asset management company shall on production of instrument of transfer together with the relevant unit certificates, register the transfer and return the unit certificates to the transferee within timelines prescribed by SEBI from time to time.
Dematerialization of units	Unit holders, who are holding Units in non-dematerialised form, can dematerialise their holding at any time by making an application to their Depository Participant (with whom they have their DP account). Subject to receipt of complete documentation, the AMC shall credit the Units in dematerialised form to the Depository account of the Unitholder. The expenses incurred by the AMC in dematerialising of the Units may be recovered from Unitholders or may be charged to the Scheme.
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Rs. 20,00,00,000 (Rupees Twenty Crores) This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return. However, if AMC fails to refund the amount within 5 business days from date of closure of NFO, interest as specified by SEBI (currently 15% p.a.) will be paid to the investors from the expiry of 5 business days from the date of closure of the NFO.

	This is not applicable as NFO is already concluded.
Maximum Amount to be raised (if any)	There is no upper limit on the total amount to be collected in the New Fund Offer.
Dividend Policy (IDCW)	The Income Distribution cum Capital Withdrawal (Income Distribution) warrants shall be dispatched to the unitholders within 7 working days of the Record Date. In the event, where there is delay in dividend payments, for dividend payout option ,within the stipulated time period the interest for the delayed payment of dividend shall be calculated from the record date. Interest for the period of delay in dividend shall be payable to unitholders at the rate of 15% per annum along with the proceeds of dividend, as the case may be. Such Interest shall be borne by AMCs. The details of such payments shall be sent to SEBI as part of Compliance Test Reports in the prescribed format. Investors shall also be informed about the rate and amount of interest paid to them. The procedure and manner of payment of IDCW shall be in line with Chapter 11 of SEBI Master Circular for Mutual Funds dated June 27, 2024, as amended from time to time. Unlisted Scheme(s)/ Plan(s) - The Trustees shall decide the quantum of distribution and the record date. Distribution so decided, shall be paid, subject to availability of distributable surplus. - Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of unit holders for receiving distributions. The NAV shall be adjusted to the extent of distribution and statutory levy, if applicable, at the close of business hours on record date. - Within one calendar day of the decision by the Trustees, AMC shall issue notice to the public communicating the decision including the record date. The record date shall be two working days from the date of publication in at least one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated. - Before the issue of such notice, no communication whatsoever indicating the

	probable date of distribution shall be issued by any Mutual Fund or its distributors of its products. e. The notice shall, in font size 10, bold, categorically state that pursuant to distribution, NAV of the scheme would fall to the extent of payout and statutory levy (if applicable). Liquid / Debt Schemes with frequent distributions- Upto Monthly: The requirement of giving notice is not mandatory for scheme(s)/ plan(s)/ option(s) with IDCW distribution frequency ranging from daily to upto monthly distribution if requisite disclosures in this regard are made in the Scheme Information Document (SID). On payment of Income Distribution Cum Capital Withdrawal, the NAV will stand reduced by the amount of Income Distribution Cum Capital Withdrawal and statutory levies paid if any. Investors may like to note that the amounts can be distributed as Income Distribution Cum Capital Withdrawal out of investors capital (Equalization Reserve), which is part of the sale price that represents realized gains. There is no assurance or guarantee to the Unit holders as to the rate of IDCW nor that the IDCW will be paid regularly.
Allotment (Detailed procedure)	An investor who purchases Units through a broker/ clearing member will receive Units in his/her/its account through his/her/its broker / clearing member's pool account. The AMC will credit the Units to the broker / clearing member's pool account, and they in turn will credit the Units to the investor's account. Credit of Units to the broker / clearing member's pool account by the AMC/its RTA shall discharge the AMC/its RTA of their obligation of allotment of Units to the investor. All valid and complete applications will be allotted Units at the Applicable NAV for the application amount. Allotments made will be subject to realization of payment instrument and subject to the AMC being reasonably satisfied of having received clear funds. Applicants under the Scheme will have an option to

	hold the Units either in physical form (i.e. account statement) or in dematerialized (electronic) form. For Units held in physical form, normally no Unit certificates will be issued. However, on a specific request from the Unit holder, the AMC shall issue a Unit certificate within 5 Business Days of the receipt of such request. In case of purchase transactions, where there is a mismatch in the amounts on the Transaction Slip / Application Form and the payment instrument / credit received, the AMC may at its discretion allot the units for the lesser of the two amounts and refund / utilize the excess, if any, for any other transaction submitted by the same investor, subject to the fulfillment of other regulatory requirements for the fresh transaction. At the time of redemption / switch of units, the Unit holder(s) must surrender the original unit certificate duly discharged along with the request for redemption/switch. Further, if the Unit holder(s) intend to transfer such Units, must submit the original unit certificate with instrument of transfer and such other documents / declarations as may be required by the AMC from time to time. The AMC shall upon receipt of documents register the transfer and return the original unit certificate to the transferee within 30 days from the date of receipt of request for transfer. For investors / Unit holders opting for holding of Units in dematerialized / electronic form, the investors need to furnish the details of their depository account in the Application Form. Where the Investor has chosen to receive the Units in electronic form, the AMC will credit Units to the Investor's Depository Account as per the details furnished by the investor in the Application Form within 30 days. If the Units cannot be credited to the Depository Account of Unitholder for any reason whatsoever, the AMC shall issue Account Statement specifying the Units allotted to the investor within 30 days. At the time of redemption / switch of units, the Unit holder(s) must surrender the original unit certificate duly discharged along with the request for redemption/switch. Further, if the Unit holder(s) intend to transfer such Units, must submit the original unit certificate with instrument of transfer and such other documents / declarations as may be required by the AMC from time to time. The AMC shall upon receipt of documents register the transfer and return the original unit certificate to the transferee within 30 days
--	---

	from the date of receipt of request for transfer. Account Statements: For all applicants whose application has been accepted, the AMC shall send an Account Statement specifying the number of units allotted to the applicant by way of email to the applicant's registered email address as soon as possible but not later than 5 business days. If email is not registered, then physical account statement will be sent to registered address. Thereafter a consolidated account statement (CAS) will be sent for each Calendar month to the Unit Holder whose folio/s transaction have taken place during the month on or before the 10th of the succeeding month. The AMC reserves the right to call for other additional documents as may be required, for processing such transactions. The AMC also reserves the right to reject such transactions. The AMC, thereafter, shall not be responsible for any loss suffered by the investor due to the discrepancy in the Scheme name mentioned in the application form/transaction slip and Cheque / Demand Draft.
Refund	If application is rejected, full amount will be refunded within 5 working days of closure of NFO. If refunded later than 5 working days @ 15% p.a. for delay period will be paid and charged to the AMC. Any credit received without application will be refunded within 5 working days from identification of creditors bank details.

The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not applicable
Restrictions, if any, on the right to freely retain or dispose of units being offered.	The Units of the Scheme held in electronic (demat) mode) are transferable. The Mutual Fund at its sole discretion reserves the right to suspend sale and switching of Units in the Scheme temporarily or indefinitely when any of the following conditions exist. However, the suspension of sale and switching of Units either temporarily or indefinitely will be with the approval of the Trustee. 1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays. 2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme are not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unit holders. 3. In the event of breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated. 4. During periods of extreme volatility of markets,

	which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme. 5. In case of natural calamities, strikes, riots and bandhs. 6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the ISC. 7. If so directed by SEBI The AMC reserves the right in its sole discretion to withdraw the facility of Sale and Switching option of Units in the Scheme [including any one Plan/Option of the Scheme], temporarily or indefinitely, if AMC views that changing the size of the corpus further may prove detrimental to the existing Unit holders of the Scheme. Right to Limit Redemptions in Mutual Funds: a) Liquidity issues - When markets at large becomes illiquid affecting almost all securities rather than any issuer specific security. b) Market failures, exchange closures - When markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. c) Operational issues - When exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Under the aforesaid circumstances, AMC / Trustee may restrict redemption for a specified period of time not exceeding 10 working days in any 90 days period. For redemption requests placed during the restriction period the following provisions will be applicable: (a) For redemption requests upto Rs. 2 lakhs the above-mentioned restriction will not be applicable; and (b) (ii) Where redemption requests are above Rs. 2 lakhs, AMCs shall redeem the first Rs. 2 lakhs without such restriction and remaining part over and above Rs. 2 lakhs shall be subject to such restriction. AMC / Trustee reserves the right to change / modify the provisions of right to limit Redemption / switch-out of units of the Scheme(s) pursuant to direction/ approval of SEBI. Pledge or Hypothecation of Units: Units under the Scheme may be offered as security by way of a pledge / charge in favour of scheduled banks,
--	--

	financial institutions, non-banking finance companies (NBFCs) or at the discretion of the AMC. The AMC and / or the Registrar will note and record the pledge of Units. The AMC shall mark a lien only upon receiving the duly completed form and documents, as it may require. Disbursement of the loans will be at the entire discretion of the bank / financial institution / NBFC etc and the Fund/AMC assumes no responsibility for that. The Pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides a written authorization to the Mutual Fund that the pledge / lien charge may be removed. As long as the Units are pledged, the Pledgee will have complete authority to redeem such Units with or without Income Distribution Cum Capital Withdrawal /reinvested units thereon as per the arrangements between the pledger and pledgee. Transfer of Units: Units shall be freely transferable. In case, the units are with the depository held in Demat mode, such units will be transferable in accordance with the provisions of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996. Pursuant to para no 14.4.4 of SEBI Master Circular dated June 27, 2024 on Mutual Funds, units under the Scheme are freely transferable from one demat account to another demat account. In case, a person becomes a holder of Units by operation of law or upon enforcement/invocation of pledge, the AMC shall, subject to production of such satisfactory evidence and submission of such documents by the transferee, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the Scheme concerned. In case of physical mode of holding, the asset management company shall, on production of instrument of transfer together with relevant statement of accounts, register the transfer and return the statement of accounts to the transferee within thirty days from the date of such production.

In case of transactions through Online facilities / electronic modes, there may be a time lag of few days between the amount of subscription being debited to investor's bank account and the subsequent credit into
--	--

	the respective Scheme's bank account. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization/receipt of funds by the Scheme. Under no circumstances will BOI MF/ AMC or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units. The AMC has the right to amend cut off timings of transactions received through online channels within the cut off time stipulated by SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme. Exchange Platforms & MFU: The cut - off timing and applicability of Net Asset Value (NAV) shall be subject to the guidelines issued by SEBI in this regard from time to time. With respect to investors who transact through Stock Exchange Platforms (i.e. BSE/NSE or MFU), the applicable NAV shall be reckoned on the basis of the time stamping as evidenced by confirmation slip given by Stock Exchange/MFU mechanism, and subject to receipt of funds by the AMC/ Fund before the cut - off time of the Scheme for purchase transactions. These platforms are authorized Point of Acceptance for the limited purpose of time-stamping the transactions.
Minimum amount for purchase/redemption/switches	Minimum amount for purchase/redemption/switches is given in Part I-Highlight Summary of the Scheme. <u>Minimum Application Amount:</u> On continuous basis: Rs. 5,000 and in multiples of Rs 1/- thereafter. <u>Minimum Switch-in to the Scheme:</u> On continuous basis: Rs. 5,000 and in multiples of Rs. 1/- thereafter <u>Minimum Additional Purchase Amount:</u> Rs. 1000 and in multiples of Rs. 1/- thereafter Depending upon the minimum subscription/ application amount criteria of the targeted scheme, the switch-in would be processed. During NFO, the auto switch facility would be provided to the Investors. The units will be allotted on the investment/switched-in amount after netting off the applicable Stamp Duty which is presently 0.005% of net investment amount.

	The minimum investment is applicable at the respective Plans/Subplans/Options/ Sub-options level i.e. Growth, Income Distribution cum Capital Withdrawal (IDCW). <u>Minimum Redemption/switch out Amount:</u> Rs. 1,000 (or equivalent Unit value) or account balance, which ever is lower Note: The minimum investment/additional investment amount/ redemption amount clause shall not be applicable in the case of investments by designated employees pursuant to Para-no 6.10 of SEBI Master Circular dated June 27, 2024 on Mutual Funds and circulars/clarifications issued thereunder.
Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable. For further details, refer SAI.
Dividend/ IDCW	The payment of dividend/IDCW to the unitholders shall be made within 7 working days from the record date.
Redemption	The Mutual Fund will endeavour to despatch the Redemption proceeds within 1 Business Days from the date of acceptance of the Redemption request. As per SEBI Mutual Funds Regulations, the Fund shall dispatch Redemption proceeds within 3 Business Days of receiving the valid Redemption request. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time will be paid in

	case the redemption proceeds are not dispatched/remitted within 3 Business Days of the date of Redemption request. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular dated June 27, 2024 for Mutual Funds dated June 27, 2024.
Bank Mandate	As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. All cheques and bank drafts accompanying the application form should contain the application form number on its reverse. For all fresh purchase transactions made by means of a cheque, where the account on which the cheque is drawn for purchase of units differs from the bank mandate account provided in the application, a copy of blank/cancelled cheque of bank mandate account is required to be provided. This condition is also applicable to all fresh purchase transactions made by means of a Demand Draft. In case of failure of this condition, the application will be rejected as it will be treated as third party payment. Investor/s or / Unit Holder/s are requested to note that any one of the following documents (of the mandated bank account) shall be submitted by the investor/s or / Unit Holder/s, in case the cheque provided along with fresh subscription / new folio creation does not belong to the bank mandate specified in the application form: 1. Original cancelled cheque having the First Holder Name printed on the cheque or; 2. Original bank statement reflecting the First Holder Name, Bank Account Number and Bank Name as specified in the application or; 3. Photocopy of the bank statement / bank pass book of the investor duly attested by the bank manager and bank seal preferably with designation and employee number or; 4. Photocopy of the bank statement / passbook / cancelled cheque copy duly attested by the AMC / Registrar of the Fund ('RTA') branch officials after verification of original bank statement / passbook

	/ cheque shown by the investor or their representative or; 5. Confirmation by the bank manager with seal, on the bank's letter head with name, designation and employee number confirming the investor details and bank mandate information.
Delay in payment of redemption /repurchase proceeds/dividend	The Asset Management Company shall be liable to pay interest to the unitholders at rate as specified vide para 14.2 of SEBI Master Circular dated June 27, 2024 on Mutual Funds by SEBI for the period of such delay. Delay in payment of IDCW proceeds: As per Chapter 11 of the Master Circular, or as amended from time to time, the AMC shall dispatch payment of the IDCW proceeds within 7 working days from the record date. However, in the event of failure to dispatch/ credit the IDCW proceeds within the above time, interest @ 15% per annum or such rate as may be specified by SEBI, would be paid to the Unit holders for the period of delay from the stipulated period for the dispatch/payment of IDCW payments. Delay in payment of redemption / repurchase proceeds: As per Para 14.1.1 of the Master Circular, or as amended from time to time, the AMC shall transfer the redemption / repurchase proceeds within 3 working Days*, from the date of acceptance of redemption request at any of the Investor Service Centers. In the event of failure to dispatch the redemption proceeds within the above time, the Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @15% per annum). SEBI has further advised the mutual funds that in the event of payment of interest to the Unit holders, such Unit holders should be informed about the rate and the amount of interest paid to them. <i>* As per AMFI circular no. AMFI/35P/MEM-COR/74/2022-23 dated January 16, 2023, in case of exceptional situations the AMC might follow the additional timelines for making redemption payments. For further information, please refer to the SAI.</i>
Unclaimed Redemption and Income Distribution cum Capital Withdrawal Amount	As per para 14.3 of SEBI Master circular dated June 27, 2024 on Mutual Funds issued by SEBI, the unclaimed redemption and IDCW amounts that are currently allowed to be deployed only in call money market or money market instruments, shall also be allowed to be invested in a separate plan of only Overnight scheme / Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts.

	Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per para 14.3.2 of SEBI Master Circular dated June 27, 2024 on Mutual Funds. The AMC shall not be permitted to charge any exit load in this plan and TER (Total Expense Ratio) of such plan shall be capped as per the TER of direct plan of such scheme or at 50bps whichever is lower.” The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. Investors claiming these amounts during a period of three years from the due date shall be paid at the prevailing NAV. After a period of three years, this amount shall be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. Income earned on such funds shall be used for the purpose of investor education. The AMC shall make a continuous effort to remind investors through letters to take their unclaimed amounts.
Disclosure w.r.t investment by minors	Following is the process for investments made in the name of a Minor through a Guardian: - 1. Payment for investment by minor in any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/ legal guardian after completing all KYC formalities. 2. Mutual Fund will send an intimation to Unit holders advising the minor (on attaining majority) to submit an application form along with prescribed documents to change the status of the account from 'minor' to 'major'. 3. All transactions / standing instructions / systematic transactions etc. will be suspended i.e. the Folio will be frozen for operation by the guardian from the date of beneficiary child completing 18 years of age, till the status of the minor is changed to major. Upon the minor attaining the status of major, the minor whose name the investment was made, shall be required to

	provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new bank account. 4. No investments (lumpsum/ switch in/ STP in etc.) in the scheme would be allowed once the minor attains majority i.e. 18 years of age. He will be allowed to transact, once he submits the requirement documents on attaining the age of majority. Email ID & Mobile Number Investors should provide their own email address and mobile number to enable AMC for speed and ease of communication in a convenient and cost-effective manner, and to help prevent fraudulent transactions.

H. ANY OTHER DISCLOSURE IN TERMS OF CONSOLIDATED CHECKLIST ON STANDARD OBSERVATIONS

1. Requirement of minimum investors/ investment in the Scheme (Applicability for an open-ended scheme):

The Scheme/ plan (at portfolio level) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/ Plan(s). In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. For details, kindly refer SAI.

2. Special Considerations:

(A) Prospective investors in this Scheme should educate themselves or seek professional advice on:

- Legal requirements or restrictions relating to the acquisition, holding, disposal, or redemption of Units within their jurisdiction of nationality, residence, ordinary residence and domicile or under the laws of any jurisdiction to which they are subject; and
- Tax provisions on investments in the Scheme, capital gains, and other tax consequences relevant to their acquisition, holding or disposal, whether by way of sale or redemption of Units.

(B) Prospective investors should not construe the contents hereof as advice relating to legal, taxation or investment matters and are advised to consult their own professional advisor(s) relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences within their jurisdiction of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they are subject to.

(C) The tax benefits described in this SID / in the SAI are as available under the prevailing taxation laws, which or whose interpretation may change from time to time. As is the case with any investment, there can be no guarantee that the current tax position or the tax position prevailing at the time of an investment in the Scheme will not undergo change. In

view of the individual nature of tax consequences, each Unit holder is advised to consult his / her / their own professional tax advisor.

- (D) The AMC or its Sponsor or Shareholders or their associates, group entities may either directly or indirectly invest in this Scheme and / or any other Scheme, present or future, and such investment could be substantial. If these entities decide to offer a substantial portion of such investment for repurchase/redemption, it may have an adverse impact on the NAV of Units.
- (E) Neither this SID nor the Units being offered have been registered in any jurisdiction outside India. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID are required to inform themselves about, and to observe, any such restrictions, as may be applicable. This SID does not constitute an offer or solicitation to any person within such jurisdiction and further are not being marketed in any such jurisdiction. The Trustee may compulsorily redeem any Units held directly or beneficially in contravention of these prohibitions.
- (F) It is the responsibility of any person in possession of this SID and of any person wishing to apply for Units pursuant to this SID to be informed of and to observe, all applicable laws and Regulations of such relevant jurisdiction including not subscribing to Units if so prohibited by their home jurisdiction.
- (G) The Scheme may disclose details of the investor's account and transactions there under to intermediaries whose stamp appears on the investor's application form. Additionally, the Scheme may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Scheme may also disclose such details to regulatory and statutory authorities / bodies as may be required or necessary as per provisions of law.
- (H) Right to limit redemptions: The Board of AMC and Trustee, may in the general interest of the Unit holders of the Scheme, keeping in view circumstances / unsure conditions as mentioned under para 1.12 of SEBI Master circular dated June 27, 2024 on Mutual Funds, limit the total number of Units which may be redeemed on any Business Day. For details please refer "Right to Limit Redemption".
- (I) The Scheme will dispatch redemption proceeds within 3 working Days from the acceptance of the Redemption request.
- (J) Pursuant to the Provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, failure to provide required documentation, information, etc. the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the investor(s), reject any application(s) / allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV subject to payment of exit load, if any.

(K) Indicative yield/ portfolio

The Fund/ AMC and its empanelled brokers /distributors have not given and shall not give any indicative portfolio and indicative yield in any communication, in any manner

whatsoever. Investors are advised not to rely on any communication regarding indicative yield/ portfolio with regard to the Scheme.
